JUSTICE DENIED ~ THE INNOCENT INCARCERATED

Summary of a rigged conviction by corrupt Judges violating all Constitutional Rights. A perfect case exposing corrupt Judges.

~ Part 1 ~

“Equal-Protection of the Law” is traditionally laughed at by State Judges.

State Judges cover up for the police when fabricating evidence, and giving perjured testimony to frame innocent people, because the State Judges benefit from Police corruption in the form of the Police robbing people of their cash, assets, life insurance benefits and their freedom. And this is just the beginning.

In the State of California, such a case exists against Mr. Robert J. Peernock, which is considered to be a perfect rigged conviction for a blog for making contact with those involved in public interest issues; i.e., book writers, screen writers, those with web-sites, law students and professors; in essence, persons, groups or organizations whose interests are protesting against the death penalty, and concerned about the framing and imprisoning of innocent people by denying them “all rights” guaranteed by the Constitution of the United States of America.

Mr. Peernock was convicted at an “illegal” second trial. And it was deliberately kept from the public, and from Judge Schwab’s rigged tampered jury, that at an “Adjudication Trial” a Prosecutor and two attorneys had their story and testimony, blaming Mr. Peernock for the murder, presented and litigated in detail and completely impeached by Mr. Peernock, in pro per (defending himself), and dismissed by the Court as “untrue”. But NO defense was allowed at this “illegal” second trial – which the Judge had “NO” jurisdiction to stage.

This established “res judicata” and “Double Jeopardy,” a clear Fifth Amendment guarantee that was violated, as no judge could legally stage a “second” trial using a

story and testimony “already litigated” and proven “untrue”. [Breed v. Jones, 44L.Ed.2d346, 421U.S.519, 95 S.Ct. 1779(1975).]

Judge Howard Schwab did, however, stage such an illegal “second” trial in violation of “Double Jeopardy” along with a ‘rigged’ jury; and, a ‘bribed’ defense attorney to block all defense.

Re: U.S. Ninth Circuit Court Case Nos. 02-74033, 99-71628, 97-56814, 90-55399, 02-16277, etc., in San Francisco for full details of the case. Also, see Adjudication Trial Cases #J974401 and J975020 for Mr. Peernock being framed for murder as a retaliatory act.

This Summary is prepared for readers who already know how corrupt the legal system in California is, but who are searching for the “perfect case” in which the corrupt Judges, Prosecutors and bribed Defense Attorneys clearly and unequivocally framed an innocent citizen, and also set up and carried out a murder in order to both frame the targeted person and to collect from heavy insurance benefits. In this case, the murderer is already known with unequivocal substantiating evidence available in the court documents. For those who do ‘not’ already know of said legal system corruption, an addendum to this Summary is available.

California State Judge Connor – to cover up the known organized crime by the LAPD and to frame innocent people whom they target, claims that the (corrupt) LAPD detectives have various and sundry U.S. Constitutional Rights to a fair trial. But, by comparison, the State Judges claimed that Petitioner (Robert J. Peernock), while being framed :

01] Could NOT fire his defense attorney, who was Court bribed (with Mr.

Peernock’s money illegally stolen from him by the Judges and their former law clerk) to block all defense. When the firing was accomplished, Petitioner was then kept in the holding cell for most of this rigged trial and repeatedly beaten

by the Judge's bailiffs.

- 02] Could NOT present any evidence in his defense, beaten each time he requested to represent himself in pro per. Denying and blocking all defense evidence is in violation of all guaranteed Sixth Amendment Rights;
- 03] Could NOT question any of the Prosecutor's witnesses;
- 04] Could NOT call any of his 45 crucial defense witnesses to testify, all were Court blocked;
- 05] Could NOT present any evidence or testify to any evidence which proved he is obviously and factually innocent and was being framed for the murder of his wife which was carried out by the Judge's accomplices;
- 06] Could NOT refer to evidence proving the LAPD detectives were lying, stole Petitioner's money, and had committed perjury;
- 07] All of Petitioner's (Robert J. Peernock) testimony was stopped when he made reference to the LAPD Police Property Report which proved that the LAPD detectives were lying;
- 08] Was denied, for 4 years preceding the trial and for each day of trial, Petitioner's absolute right (Faretta) to defend himself;
- 09] Was denied Petitioner's absolute right to fire his defense Attorney Green, who was bribed by Judge Schwab and his former clerk, Doom, using money stolen from Mr. Peernock. Green was bribed to block all defense and to block all investigations. Each of the defense attorneys before Green were also bribed (see RT A.189-A.193, sealed in chambers secret transcripts);

- 10] In violation of "Brady", the Court withheld a mountain of exculpatory evidence that unequivocally proved that Petitioner was being framed. Wholesale Brady violations had taken place;
- 11] By the Court ordering withheld from the jury the undisputed "fact" that Petitioner was 24 miles away from the murder scene at the time that LAPD Detective Fisk's informant carried out the murder of Petitioner's wife by Fisk's office. It was absolutely established on the record with documented proof that Petitioner was factually 24 miles away from the scene of the car crash and then murder after the crash;
- 12] By State Judges further carrying out numerous other U.S. Constitutional violations to rig a conviction against Petitioner and to further cover up the organized crime by the LAPD. All of this is substantiated by court documents;
- 13] By an "illegal" second trial that consisted of "known" and prepared wholesale perjured testimony and "known" wholesale false-fabricated evidence, with no defense permitted at any time;
- 14] Could NOT offer evidence that the alcoholic, mentally ill LAPD Detective Fisk's and the Judge's felon-informant -- who was at a previous similar type murder scene -- was at this crash and then murder scene long before the crash, during the crash, and during the murder some 46 minutes after the crash. Said felon-informant was covered with wet-fluid blood two and one half hours after the "time" he admitted he was at the scene. (Blood coagulates in about 10-15 minutes which proves the murder took place just a few minutes before 4:30 a.m. and long after the crash at 3:30 a.m.);
- 15] The Judge in this case -- Schwab who was originally the Assistant Attorney General of California had defended unsuccessfully against Mr. Peernock's Lawsuits against Officials of the State of California, which proved that his office

and many high level State Officials were receiving kick-backs on State contracts;

16] Prosecutor Jenkins previously brought a false charge against Mr. Peernock – this Prosecutor set-up an assault on him, so he could falsely prosecute him, to stop Mr. Peernock from giving evidence on the massive corruption on State contracts to the Auditor General – but Mr. Peernock sued and proved the charge was set-up in retaliation for his “blowing the whistle” and the State paid him damages;

17] All issues and “Constitutional and Due Process Violations” are documented in detail and filed in the courts. Mr. Peernock will be proceeding to the United States Supreme Court.
